DETAILED ACTION

This is the **Final Office Action** for application number 10/710,320 Quick fixing System for an Electrical Distribution Box, filed on 7/1/04. Claims 3 and 4 are pending. This **Final Office Action** is in response to applicant's reply dated 7/19/05. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Applicant's amendment necessitated any new ground(s) of rejection presented in this Office action.

Claim Rejections - 35 USC § 112

Claim 4 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 4 recites, that "the two catches are coplanar to one another and perpendicular to said two catches" and it is unclear how the two catches can be both coplanar and perpendicular to themselves.

Claim Rejections - 35 USC § 102

Claims 3 and 4 are rejected under 35 U.S.C. 102(b) as being anticipated by United States Patent No. 4462564 to Alves et al.

The patent to Alves et al. teaches an electrical distribution box having a body (14) and a lid the body having a mounting extension terminating in a plurality of

Art Unit: 3632

mounting catches (51, 51') arranged in a U configuration and are coplanar to one another and perpendicular, and a sheet metal mounting support brackets (70) having a plurality of complementary catch receiving means having two end tabs and two notches.

Response to Arguments

Applicant's arguments with respect to claims 3 and 4 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

THIS ACTION IS MADE FINAL. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action. Any inquiry concerning this communication should be directed to Amy J.
